

LONE WOLF GROUNDWATER CONSERVATION DISTRICT

CIVIL PENALTY SCHEDULE

I. General Guidelines

The Civil Penalty Schedule for the Lone Wolf Groundwater Conservation District (“District”) provides the guidelines that the District will follow when enforcing its rules or addressing other issues within its jurisdiction.

The District’s Civil Penalty Schedule in no way restricts the District’s authority or powers as established by Chapter 36 of the Texas Water Code (“Chapter 36”), the District’s Rules (“Rules”), or any order of the Board of Directors (“Board”) of the District.

If the District’s Civil Penalty Schedule contradicts or is inconsistent with Chapter 36 or the Rules, Chapter 36 or the Rules prevail. The District’s Civil Penalty Schedule does not generate or provide any procedural or substantive rights to any person or entity.

II. Statutory Authority

Through its Civil Penalty Schedule, the District exercises the powers granted to groundwater conservation districts by Chapter 36.

III. District Rule Authority

The District also derives its enforcement authority from its Rules. Several different sections of the Rules address the District’s ability to enforce its Rules. While its provisions are not exclusive, Section 15 specifically provides the powers that the District may exercise when enforcing its rules.

IV. Discovery of Violation of a District Rule

The General Manager of the District will determine at the time of discovery of a rule violation or shortly thereafter if the rule violation constitutes a Major or Minor Violation. The framework for the General Manager making such a determination and an illustrative list of Major or Minor Violations is provided in Sections VI and VII of this Civil Penalty Schedule. As part of the violation determination, the General Manager will identify if the violation poses an immediate or imminent danger to public health or the environment.

V. General Manager Authority

The General Manager is granted the authority to take action under this Civil Penalty Schedule upon discovery of a violation. Under the circumstances detailed below, the General Manager may take action without Board approval. Conversely, some situations will result in the need for the Board’s consideration and possible action.

The General Manager may take steps to address a rule violation without initial Board consideration if the violation is a Minor Violation. The General Manager may immediately file a civil suit on behalf of the District for injunctive relief, civil penalties, damages, attorney fees, costs of expert witnesses, and other costs incurred by the District if the General Manager becomes aware of a rule violation that presents an immediate or imminent danger to public health or the environment in the judgment of the General Manager or if a well is being drilled without the necessary District permit or registration.

If the General Manager is addressing a Major or Minor Violation, then the General Manager may provide informal notice, send written correspondence, or may conduct compliance meetings with the person responsible for the Major or Minor Violations, as set forth in the District Rules, if such action is necessary to resolve the violation in the discretion of the General Manager.

In accordance with the District Rules, the General Manager may recommend to the Board or the Board may take action to order any person that is believed to have violated or is believed to be violating any provision of the Rules to appear before the Board at a public meeting held for the person to show cause of the reasons an enforcement action should not be pursued.

If possible, the General Manager will provide the Board with a report at each monthly Board meeting of the violations of the Rules that have occurred since the previous Board meeting.

The General Manager must bring to the Board's attention any Major or Minor Violation that the General Manager has been unable to resolve in the 90-day time period that began as of the date of discovery of the rule violation. The General Manager will provide the Board with a report which details the factual scenario involved with the violation and will recommend a settlement offer to resolve the violation in lieu of litigation which takes into consideration the District Rules and Civil Penalty Schedule.

Upon receipt of the report of such a rule violation that the General Manager has been unable to resolve within 90 days, the Board will consider the rule violation and may direct the General Manager to settle the violation with the violator, commence the filing of a civil suit in the applicable court to seek civil penalties, injunctive relief, costs of court and expert witnesses, damages, and attorney fees, or take any other appropriate action within the District's authority.

VI. Violation Guidelines

The District shall use the penalty schedules set forth in this Civil Penalty Schedule in any civil suit brought by the District to enforce its rules, Chapter 36, or any other District power and in making any settlement offer the District may extend to a rule violator. At no time may the District seek a rule violation penalty that exceeds \$10,000 per day per violation.

When determining the amount of a rule violation penalty, the District shall use the specific amounts listed in the civil penalty schedules established in this Section. The District also has the discretion to establish a penalty amount that takes the following factors into consideration:

- B. The amount of money necessary to allow the District to recover all costs incurred by the District in addressing the rule violation, including but not limited to, any costs for attorneys, experts, consultants and time invested by District staff;
