APPLICATION FOR WATER WELL PERMIT

Complete a separate application for each well

An inspection of the well site must be performed before a well permit will be issued. After submitting an application, the District's technician will schedule a visit to the site. There are no exceptions.

A \$100.00 deposit is required with each permit application. When the District receives a Driller's Report, a second site inspection will be scheduled to insure that all District Rules have been followed. The deposit will be refunded at that time.

FILL IN EVERY BLANK. An incomplete application may result in denial of permit.

Domestic and Livestock wells are limited to 17.5 gallons per minute
